## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10 March 2006 has been entered.

### ***Response to Amendment***

Preliminary amendment filed 5 June 2006 has been entered, however, examiner notes that applicant mis-identified the application number on the submissions of the instant amendment as well as the IDSs discussed below. Accordingly, this resulted in a delay in prosecution as they had all been matched with the case number incorrectly noted on the submissions and had to be removed from the file of that case and added to the instant application. In addition, the instant preliminary amendment could very well have been returned to applicants as non-compliant, as applicants mis-identified claims 27-48 as "currently amended," when in fact, they should have been identified as "new." However, in the interest of compact prosecution, examiner has issued this Office action with encouragement that applicants carefully review submissions to the Office to avoid similar typographical errors in the future that may delay prosecution of an application. Claims 1-5, 7-12, 14, and 16-48 are pending.

***Information Disclosure Statement***

IDSs filed 10 March 2006 and 17 April 2006 have been considered by examiner.

Signed and initialed copies are attached hereto.

***Allowable Subject Matter***

Claims 1-5, 7-12, 14, and 16-48 are allowed.

As the record is clear as to the reasons for allowance, no further discussion is deemed necessary.
